BLADE CHANGING INSTRUCTIONS:

STEP 1

To open the body of the knife, Use a 5c coin by slipping it into one of the rectangular slots and twist the coin.

STEP 2

Once the body has open enough for the coin to fit in, twist and slide the coin along the body to try open.

STEP 4

Flip the blade over so that the opposite side of the blade (sharp edge) is not facing you.

STEP 5

Close the body of the knife until it clicks back into place.

STEP 3

Pull the 2 halves of the body apart to expose the injector blade.

CUTTING TIP

Keep knife at **45** degree angle for easier and safe cutting.
