

METAL SAFETY KNIFE

A37

AUTO RETRACT TECHNOLOGY

Code: A37

The A37 Metal Safety Knife has a strong metal body for heavy duty uses and the spring blade retract mechanism gives safer protection when you are cutting. The ergonomic design and rubber grip allows for continued comfort of use from the first to the last cut of the day.

A37 Metal Safety Knife

- Heavy duty metal construction for durability and strength
- Ergonomically designed to fit your palm
- Blade automatically retracts after cutting to prevent accidents
- Non-slip rubber side grips for comfort and better handling
- Easy to change blade, no tools required
- Suitable for left and right handed users

How it works:

Push blade out to begin cut.

Release blade slider while cutting.

Blade automatically retracts after cutting. This prevents accidents.
