

DUAL PURPOSE SAFETY SNAP CUTTER **A61**

The A61 Dual Purpose Safety Snap Cutter, unlike other standard snap cutters, can be used as a safety knife. It has a spring loaded mechanism which allows the blade to automatically retract after cutting. Helping to reduce the risk of injuries.

A61 Dual Purpose Safety Snap Cutter

- Soft rubber grip built on the handle and blade slider to give you maximum comfort and reduce hand fatigue
- Can be used as a spring loaded safety knife (black slider)
- Blade automatically retracts after cutting to prevent accidents
- Metal insert for stability and strength
- Safety blade snapper at rear

How it works:

Safety Auto Retract Cutter (Black Slider)

Standard Snap Cutter (Red Slider)

Blade automatically retracts after cutting. Helping to reduce the risk of injuries
