

RECESSED BLADE
 Reduces the risk of injury

The Klever X-Change is a safe, versatile and easy to use for a number of applications. The recessed blade design helps prevent accidental contact, reducing the risk of cutting injuries.

Features:

- Recessed blade reduces cut injuries and damaged goods.
- Cuts boxes, film, tape, and thousands more applications.
- Ergonomic handle reduces hand fatigue and stress.
- Innovative metal tape splitter
- Advanced plastic polymers – soft grip handle.
- Highest safety level
- Interchangeable, replaceable head.

(1 pre-loaded head per handle. Additional sold separately.)
