"Keep the Handle, Replace the Head!"

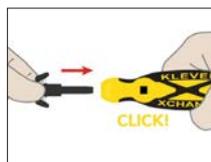

Interchangeable, snap-in heads built for the entire line of KLEVER XCHANGE safety cutters

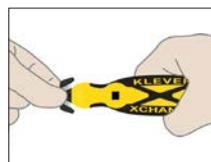

Grasp the head guard and handle firmly while pressing thumb down on the locking tab.

Pull the head from the handle.

Important: Insert the new head until the locking tab clicks in place. The head should NOT pull back out without depressing the locking tab.

Why KLEVER?

Klever Innovations is a leader in developing concealed safety cutting solutions that keep workplace safety a top priority. Klever's signature "concealed blade" design significantly reduces cut injuries and damaged merchandise, resulting in significant cost savings for your organisation. All KLEVER safety cutters are proudly manufactured in the USA.
