

ENVIRONMENT FRIENDLY  
ROLL SLITTER HANDLE **RS165N**

**ERGONOMIC HANDLE  
WITH EXCHANGEABLE TIPS**

(Replacement tips sold separately)

Code: RS165N

Roll Slitters are ideal for cutting paper, films and cardboard applications. There are no exposed or open razor blades and the tips are exchangeable. They can cut layer by layer or several layers at once.

**Roller Slitter Handle - RS165N**

- The more environmentally friendly roll slitter with exchangeable replacement tips for paper and cardboard cutting applications
- Reduce the risk of product damage and injuries
- No exposed or open razor blades = safer to use
- Made in Germany
