

## OLFA ROTARY CUTTERS RTY1G, RTY2G & RTY3G

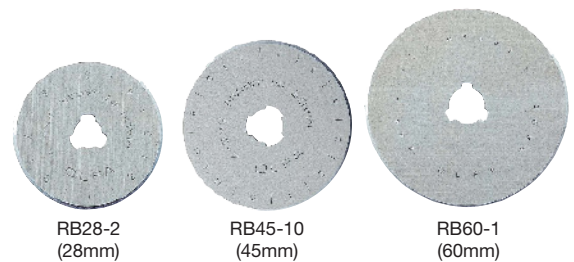

OLFA® Rotary Cutters are perfect for small-scale projects, miniatures and tight corners. They feature a durable handle with a blade cover for safety. The cutter is a rolling razor blade used to cut fabrics into shapes, strips and pieces for sewing, quilting and craft projects. The blade is made of highest quality tungsten carbide tool steel for unparalleled sharpness and superior edge retention. Designed for both right- and left-handed use.
