

## SLICE CERAMIC SCISSORS

# SLICE-CERAMIC SCIS

**High Quality**  
Ceramic construction

**slice™**

Code: SLICE-CERAMIC SCIS

The Slice Ceramic Scissors are specially designed with a finger-friendly grind. This means that, while our scissors cut materials effectively, they resist cutting skin. Used in industrial, institutional, and educational settings alike, these lightweight scissors are ambidextrous and durable. Soft-touch finger grips line their tough glass-filled nylon handles for the ideal mix of strength and comfort. As with all our ceramic blades, these are non-sparking and chemically inert.

### SLICE-CERAMIC SCIS Ceramic Scissors

- Zirconium oxide ceramic blades
