

AUTO RETRACTABLE PEN CUTTER

SLICE-PEN

Blade Depth
12.7mm

Code: SLICE-PEN

Auto-retractable pen-style cutter with replaceable ceramic blade. Patent-pending handle, rubberized slider button limits the amount of exposed ceramic-blade to further reduce injuries. Automatically retracts back into the housing for added safety when slider button is released. With the long lasting and ultra sharp ceramic blade, you'll be opening boxes quickly and safely instead of using a dull metal blade that increases your chance of injuries.

SLICE-PEN Auto Retractable Pen Cutter

- Auto-retractable slider button with rubberized comfort grip
- Easy to change blade, no tool is required
- Ceramic blade stays SHARP - never rusts
- Easy access blade storage
- Includes one double-sided ceramic blade
- Lanyard key-ring hole is designed NOT to go in your pocket

Application:
