

Triumph+ MK Series 6" Scrapers

Updated
Range

Triumph+ MK3 Angled

The angled version of the Triumph+ MK3 has the head tilted forward 30°. This makes it easy to apply extra force to the scraper blade, and the ergonomic rubber handle ensures a firm, comfortable grip. The scraper comes with a premium carbon steel blade insert as standard, along with a safety cap.

Triumph+ MK3

The MK3 is the latest version of the industry leading Triumph series, developed in close cooperation with window professionals. Inheriting all the features and durability of the Triumph+ MK2, the Triumph+ MK3 additionally features an ergonomic rubber handle with non-slip ribs. The scraper comes with a premium carbon steel blade insert as standard, along with a safety cap.

Triumph+ MK2 Straight

with rubber squeegee

Launched in 1981, the Triumph+ MK2 quickly set a new standard for professional scrapers and has remained popular ever since. The Triumph+ MK2 is still a favourite amongst professional window cleaners for its simplicity, lightness, durability and quality, as well as the 150 mm width that makes even large scraping jobs go quickly. The scraper comes with a premium carbon steel blade insert as standard, along with a safety cap with a rubber squeegee insert.

The handle on the Triumph® MK Series provides a comfortable and secure grip, which makes the scraper well-suited to prolonged use. With a width of 150 mm, the scraper can complete even large scraping tasks quickly. The scraper is supplied with safety cap and fitted with a 0.20 mm premium carbon blade. The scraper is supplied with or without a rubber edge.
